Luisa F. Robles, Ph.D.
Department of Public Works
City of Greenbelt
Greenbelt, MD 20770

Dear Ms. Robles,

On behalf of the Pathways School, I would like to thank the Department of Public Works for supporting the Pathways School during this school year. We would not have achieved this level of opportunities without the Department of Public Works.

INTRODUCTION:

Pathways School desired to provide high school students with volunteer/career exploration opportunities and partnered with the City of Greenbelt to implement its program. The second semester program was defined as the pilot period and this report provides insight on the program's effectiveness.

PROGRAM:

Students were provided with the opportunity to participate in various volunteer work activities through the Department of Public Works. Four students volunteered at Springhill Lake Recreation Center every Friday from 10:00 am to 1:00 pm. They assisted with basic cleaning and upkeep of the building. Another four students assisted with various projects through CHEARS. The students assisted in installing cages on trees that protect it from beavers. A few students also assisted with creating a sign for the Greenday Festival in Greenbelt.

The volunteers were engaged and performed well during these activities. Pathways School and the City of Greenbelt benefited from the partnership. I hope this partnership can continue in the future.

I can be contacted at ahamm@pathwayschools.org or 301-938-5050. Thank you again for this great opportunity during the 2014-15 school year.

Sincerely,

A handwritten signature in black ink that reads 'Anthony Hamm'.
