

City of Greenbelt

City Manager's Report

Week Ending July 10, 2020

1. Thank you to staff throughout the organization who worked during the July 4th holiday weekend to keep everyone safe. This includes Police, Public Works, and Recreation. Thank you to Recreation and Public Information for the virtual celebration.
2. Thank you to police officers who supported various community activities, from the peaceful community demonstrations, to designing and implementing traffic control plans for Restoration Church's outdoor worship and distributions (two distributions held on separate days). Officers received praise from a demonstration participant and the Church, expressing appreciation for professionalism, kindness, and braving the elements.
3. Thank you to Gil Cabrera, Supervisory Code Enforcement Officer, who helped connect property management, resident, and Pepco to address the needs of a building without power for 48-hours.
4. Attached please find a copy of the County Council District 4 newsletter.
5. Attached is a County update from Ms. Hill.
6. Chief Bowers reports that as usual, the County continues to handle 911 calls uninterrupted, while the locally published City police emergency line was impacted by a private company's error. The issue continues to be reviewed. Notification will be made when complete.
7. Working with staff on emergency recovery efforts, including walk through of proposed facility improvements with staff and contractor.
8. Along with Dr. Park, Christal Batey, Anne Marie Belton, and Charise Liggins, I participated in a conference call with non-profits and faith and spiritual organizations regarding relief programs and experiences to date to assist the City in providing support to the community. This included discussion on food, rent, utility, and business relief, as well as exchanging information about other suggested areas for consideration. Questions raised included recreation for youth, potential to expand access to internet for seniors and low-income individuals and families (particularly Franklin Park Apartments), and volunteer opportunities. Meals on Wheels has continued need for volunteers to serve increased demand for service (throughout the service area). Availability of services by text messaging, as well as delivery options for seniors and the disabled were also shared. Language needs are being met by volunteers, with the main language beyond English being Spanish; however additional support would be helpful. Resources will be updated on the City website, including the upcoming County Council District 4 food distribution for senior citizens on July 29 and the City food and housing relief programs.
9. As noted in an earlier daily report, please look at the online Draft Environmental Impact Statement for the I-495 & I-270 Management Lanes Study. Here is the link: <https://495-270-p3.com/DEIS>. Comments and speakers are sought. Thank you to Terri Hrubby, Megan Young, Greg Varda and Joe McNeal for work on monitoring and responding to prior requests regarding sensitive areas that might be impacted.

10. As noted earlier this week, the City received the Royal Farms applicant's detailed site plan and the departure application. Planner Molly Porter met with the applicant and will share a proposed schedule. As noted last month, M-NCPPC accepted the application, yet inadvertently also accepted signage process that normally would be considered by the City.
11. The Greenbelt Branch Library Manager confirmed that the curbside pick-up/walk-up service will start on July 21. The service will be provided in the rear parking lot by appointment only.
12. Charise Liggins has helped promote M & T Bank's virtual webinar series to Greenbelt businesses. Information is posted on the City website.
13. Welcome to Wendy Soriano, accounting technician. Ms. Soriano started work in Finance this week.
14. Met and teleconferenced with staff and legal counsel regarding personnel, operations and legal matters.
15. **Assistant City Manager**
 - a. On leave.
16. **City Treasurer/Finance**
 - a. The interim fieldwork for the annual audit began this week; things went smoothly. The fieldwork is scheduled for August 10 through August 21. Finance staff will spend the rest of the month closing FY 2020 and preparing for the audit.
 - b. Began preparing audit confirmation letters.
17. **Information Technology**
 - a. On leave.
18. **Economic Development**
 - a. COVID19 Outreach
 - Local restaurants
 - Local retail
 - Local economic developers
 - b. Meetings & Webinars
 - Bisnow Commercial Real Estate Leadership Series
 - c. Economic Development Admin
 - Outreach to businesses to touch base about COVID-19 reopening, recovery and ongoing needs.
 - Working with staff to coordinate communications about COVID-19 to the community.

cc: Department Heads
David Moran, Assistant City Manager
Mary Johnson, Human Resources Officer
Bonita Anderson, City Clerk

Message from Chair Turner

Welcome to a Special Edition of the 4th District Legislative Email Newsletter. This Email Newsletter provides information on Council Bill CB-48-2020, a proposed Charter Amendment on the County's Homestead Property Tax Credit Cap that may be placed on the November 2020 General Election ballot for voters in the County.

First, I think it is important to share with you background information, the history of the Homestead Property Tax Credit Cap and information on recent County efforts to address our fiscal situation. Second, it is also important that you understand the Charter Amendment process and what CB-48-2020 is and is not. Lastly, to explain the context that the County is in as we start a conversation to address larger issues currently facing us.

County Financial Condition Studies

Within the past several years, the County and Council have undertaken substantial reviews of our financial conditions and programs. Here's a brief summary and links to recent reports conducted:

Blue Ribbon Commission on Addressing Prince George's County's Structural Deficit

I will be joining my Council colleague Dannielle Glaros (District 3), along with Council Members Deni Taveras (District 2), and Derrick L. Davis (District 6), to discuss the County's tax structure, CB-48-2020 and the Blue Ribbon Commission report (see below). Please see the flyer for registration information for the virtual forum or click [here](https://bit.ly/ThoughtSeries1). I hope you will join us for this important discussion.

State Homestead Property Tax Credit

The Homestead Property Tax Credit is a State enacted program (Section 9-105 of the Tax-Property Article of the Annotated Code of Maryland) which spreads out over a three-year process the implementation of the real property tax for any increase in the assessed value of one's primary residence.

The Homestead Credit limits the increase in taxable assessments each year to a fixed percentage. Every county and municipality in Maryland is required to limit

In 2016, the County Council established a 15-member Blue Ribbon Commission charged with recommending policies to the County Council and County Executive that will address the County’s structural deficit – the imbalance caused when normal government spending exceeds tax revenues on an annual basis.

The Commission collected, reviewed and discussed comparative budget data and information regarding Prince George’s County’s fiscal health; policies and practices that affect Prince George’s County’s revenue structure and the strength of its tax base; the structure and fiscal dynamics of the Prince George’s County Government; and feedback from community stakeholders concerning the County’s budget and tax structure. [link](#)

The Commission’s Final Report was issued in January 2017 and made several recommendations, including seeking the repeal of the Cap on the Homestead Property Tax Credit to give the County more flexibility. For a copy of the Final Report and other

taxable assessment increases to 10% or less each year. For a property owner to be eligible to receive the credit, the property owner must have owned the property for at least one year, it must be their principal residence, and they must submit a one-time application. Under State law, every property (residential and commercial) is assessed every three (3) years based on market value, construction costs and/or other information.

Here is an example of this process:

Assume that your home’s old assessment was \$100,000 and your new phased-in assessment for the first year is \$120,000. State law provides for an assessment cap of 10% which would then limit your taxable assessment to \$110,000. The difference in property taxes based on the uncapped assessment of \$120,000 and capped assessment of \$110,000 would be \$100, at a property tax rate of \$1.00 per \$100 of assessment.

This table shows the most recent Homestead Assessment Caps for all Maryland Counties and Baltimore City (including the County’s approved percentage FY 2021 that began July 1st):

**Prince George's
County Tax Credit
Reform
Commission**

In 2018 the County Council established a 17-member Prince George's County Tax Credit Reform Commission to review and analyze all existing and proposed tax credits in the County to determine the tax credit's effectiveness, utilization, and efficacy in the County, and to recommend reform of the tax credit policy based on its review and deliberations.

This Commission issued its final report in September 2018 and found that the Homestead Property Tax Credit was the largest of the all the tax credits in the County, representing approximately \$51.5 million or 81% of all tax credits in Fiscal Year 2018 dollars. The Commission also posed several questions about expansion of additional tax credits, including not recommending any additional real property tax credits.

**Cap History In Prince George's
County**

In 1992, the residents of the County, through a voter approved referendum question, imposed the current County Homestead Property Tax Credit Cap in the County Charter Section 812 (d):

this [link](#).

Both reports, by member of the community, key stakeholders and professional County staff, raise serious issues about the County's current and future fiscal conditions that gave rise to the Council's conversation and consideration of the current Charter Amendment.

County Executive Updates

Today Prince George's County Executive Angela Alsobrooks delivered a press conference to provide an update to the community on the County's COVID-19 response and recovery. Please click [here](#) to view the press conference.

Bulky Trash

Modified bulky trash drop-off collections continue throughout the nine councilmanic districts through August 1, 2020. See the flyer for upcoming locations and visit the Department of the Environment [website](#) for a complete list.

"In accordance with the provisions of Section 9-105 of the Tax-Property Article of the Annotated Code of Maryland, on or before January 1 of each year, the County Council shall set, by law, the homestead credit percentage for the taxable year beginning the following July 1. The homestead credit percentage shall be no greater than 100% plus the percentage of increase in the Consumer Price Index for the previous twelve months, rounded to the nearest whole number, but not more than 105%."

Prince George's has operated under this Cap for over 28 years which has had a financial impact on both our residents and the County. For a listing of the Cap amounts since the County Cap was imposed, click this [link](#). Please note that the County has only hit the 105% Cap twice in almost 30 years because of the CPI requirement.

This Table shows the impact of the self-imposed 5% or CPI Cap over the past ten (10) County Fiscal Years:

Fiscal Year	County Credit Cap	Revenue Foregone		
		at County Cap	at 10% State Cap	Difference
2021	102%	\$78.5	\$58.5	\$20.0
2020	103%	\$71.2	\$53.4	\$17.8
2019	102%	\$66.1	\$46.3	\$19.8
2018	101%	\$39.6	\$19.4	\$20.2
2017	100%	\$23.5	\$12.2	\$11.3
2016	102%	\$24.6	\$13.3	\$11.3
2015	102%	\$28.1	\$16.4	\$11.7
2014	102%	\$57.0	\$41.3	\$15.7
2013	104%	\$101.9	\$87.0	\$14.9
2012	101%	\$244.4	\$214.3	\$30.1
		\$734.8	\$562.1	\$172.7

CB-48-2020 – Proposed Charter Amendment

CB-48-2020 is NOT a tax increase, it is a proposed Charter Amendment that would be decided by Prince George's County voters in the November General Election. In addition, CB-48-2020 does not impact TRIM (Tax Reform Initiative by Marylanders) the property tax restrictions adopted in the 1970s in the

Stand Up and Deliver

County.

CB-48-2020, as proposed by Council Member Derrick L. Davis, would ask County voters to consider whether to change the County's Charter Section 812. It would ask the following question in November:

*"In accordance with the provisions of Section 9-105 of the Tax-Property Article of the Annotated Code of Maryland, on or before **[January 1] March 15** of each year, the County Council shall set, by law, the homestead credit percentage for the taxable year beginning the following July 1. The homestead credit percentage shall be no **[greater] less than 100% [plus the percentage of increase in the Consumer Price Index for the previous twelve months, rounded to the nearest whole number, but not more than 105%.]** or exceed 110% for any taxable year; **and shall be expressed in increments of 1 percentage point.**"*

Therefore CB-48-2020 would do two things: (1) change the date by which the County would set the homestead credit percentage from January to March (as now required by State law) and (2) remove the Consumer Price Index (CPI) requirement and the 105% Cap.

If adopted (ratified) in the November General Election, this would put Prince George's County in the same position as almost every other County and municipal government in the State of Maryland. This process would allow the County Executive and Council, as part of our annual budget review public process, to determine the percentage of the homestead tax credit without artificial restrictions and gives your elected officials the discretion. It would not require a change in the homestead tax credit percentage nor would it require the County to increase it.

Charter Amendment Process

Section 1105 of the County Charter sets for the procedure and timing for a Charter Amendment question to be placed on the ballot for

Through the partnership with the Capital Area Food Bank and the Prince George's County Council, we will distribute groceries to go on Friday, July 10 at 12:30 PM at five locations across the County: Beltsville Seventh Day Adventist Church in Beltsville, Community of Hope A.M.E. Church in Temple Hills, The First Baptist Church of District Heights in District Heights, Mt. Ennon Baptist Church in Clinton, and The Sanctuary at Kingdom Square in Upper Marlboro.

If you are in need of food assistance, please stop by one of these distribution locations this week. You can also find additional food distribution locations on our website by clicking [here](#).

consideration. Section 1105. - Charter Amendment states:

“Amendments to this Charter may be proposed by an act of the Council approved by not less than two-thirds of the members of the full Council, and such action shall be exempt from executive veto. Amendments may also be proposed by petition filed with the County Executive and signed by 10,000 registered voters of the County. When so proposed, whether by act of the Council or by petition, the question shall be submitted to the voters of the County at the next general election occurring after the passage of said act or the filing of said petition; and if at said election the majority of votes cast on the question shall be in favor of the proposed amendment, such amendment shall stand adopted from and after the thirtieth day following said election. Any amendments to this Charter, proposed in the manner aforesaid, shall be published by the County Executive in the County newspapers of record and in media for public notice as defined in Section 1008 of this Charter for five successive weeks prior to the election at which the question shall be considered by the voters of the County.”

In order to meet the Charter and State law certification requirements, as well as the Council legislative calendar, any Council Charter Amendment would have to be introduced by the end of June, subject to a Public Hearing and enacted by the end of July. In this case, CB-48-2020 was presented on June 23rd, heard in our Committee of the Whole and favorably recommended by a vote of 8-3.

It will now go to a Public Hearing on Tuesday July 21st prior to any vote by the Council to place it on the ballot. The Council will also adopt legislation for the ordering of all questions on the November ballot (On June 23rd the Council also approved five (5) bond bills for referendum, which will also have public hearings on the 21st). If enacted, the proposed Charter Amendment in CB-48-2020 would have to be certified by the County Attorney and transmitted to the County Board of Elections for placement on the November General Election ballot for County voters.

Community Conversations

The impact of the current public health emergency caused by COVID-19 and police brutality are forcing our nation and this County to re-examine ourselves and our priorities moving forward. George Floyd's death in police custody has fueled a movement in communities across our nation and here in Prince George's County, against police brutality and racial injustice and for social justice.

As local leaders, residents are asking that we do things differently and focus on making improvements in addressing these issues. We must work together to achieve the real transformative change we express as a nation and a community – the discussion on this nearly 30-year-old Cap should be part of that discussion as we begin to recover from COVID-19 and address these larger issues.

At the end of the day – the voters of this County would make the decision on the referendum on the Charter Amendment in November. I believe that the voters of Prince George's County are intelligent and sophisticated enough to evaluate this Charter Amendment and make the final decision in November.

We thank you again for your interest as a resident of Prince George's County. Please be safe and well. As always, please reach out to my office for any assistance you may need as we are operating remotely at this time.

I am Sincerely Yours in Service,
