# Corridor Plan Process

What is the purpose of this corridor plan?

Enable early conversation and exploration of community needs, resulting in recommendations that support a cohesive vision for the corridor.

What does this corridor plan consider?

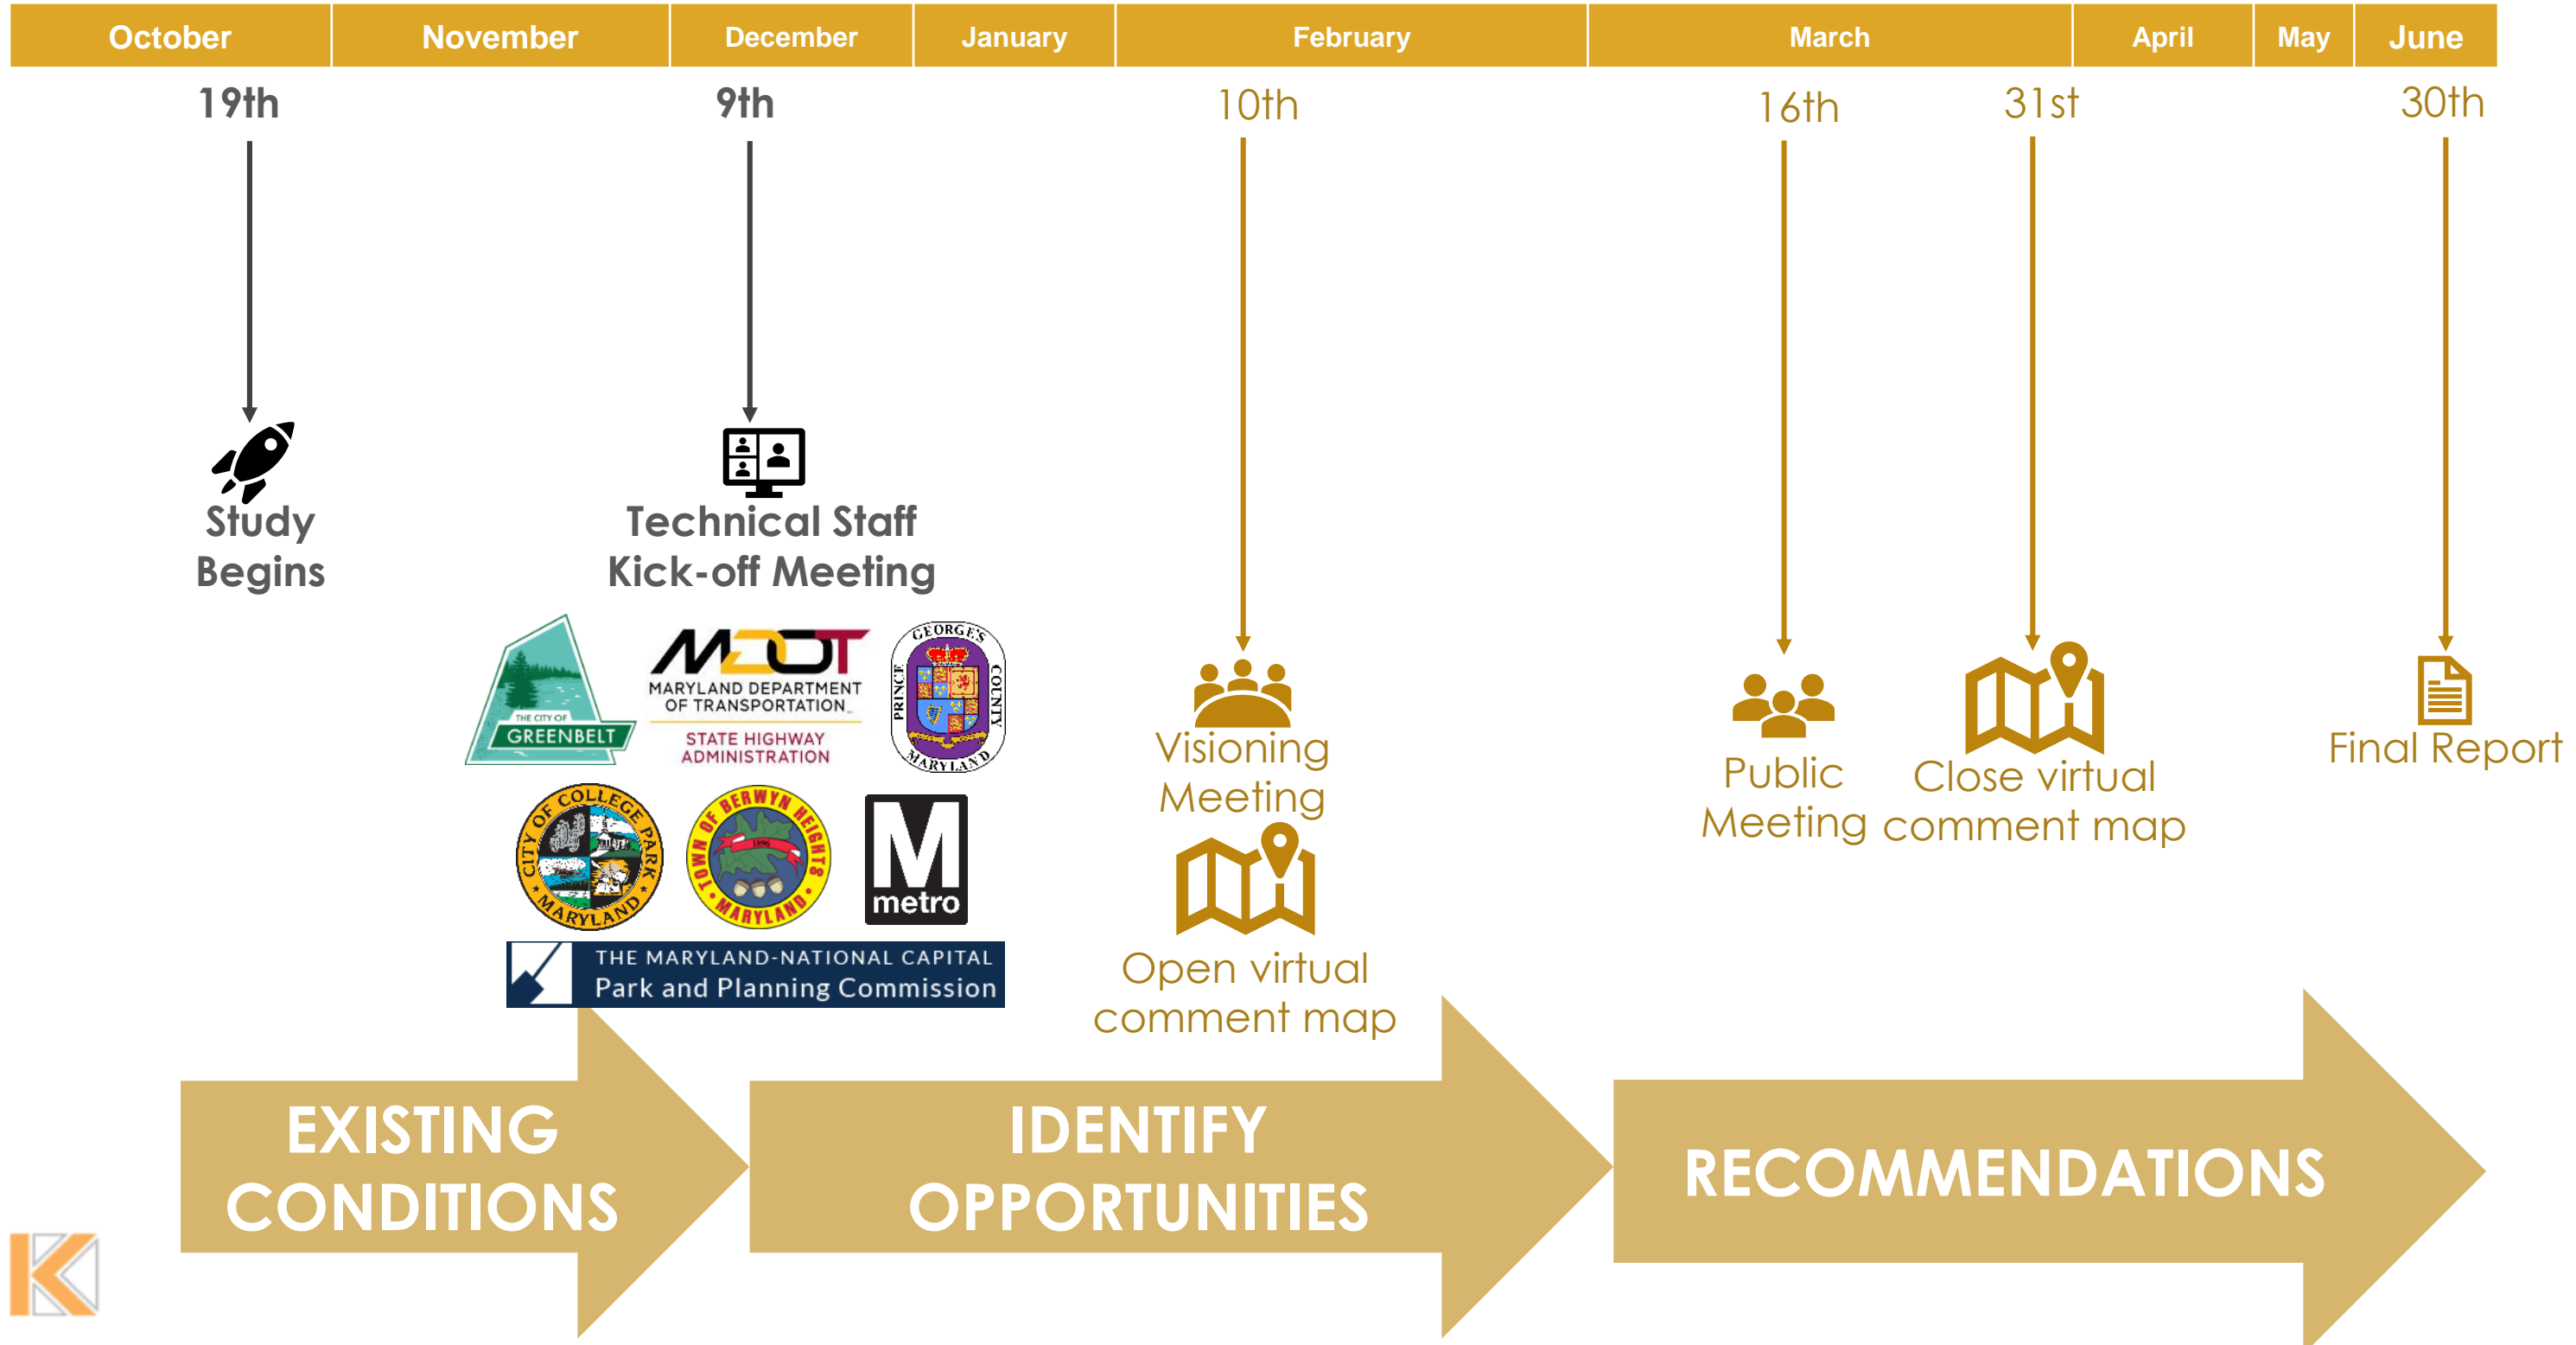

What is the public's role in the corridor plan process?

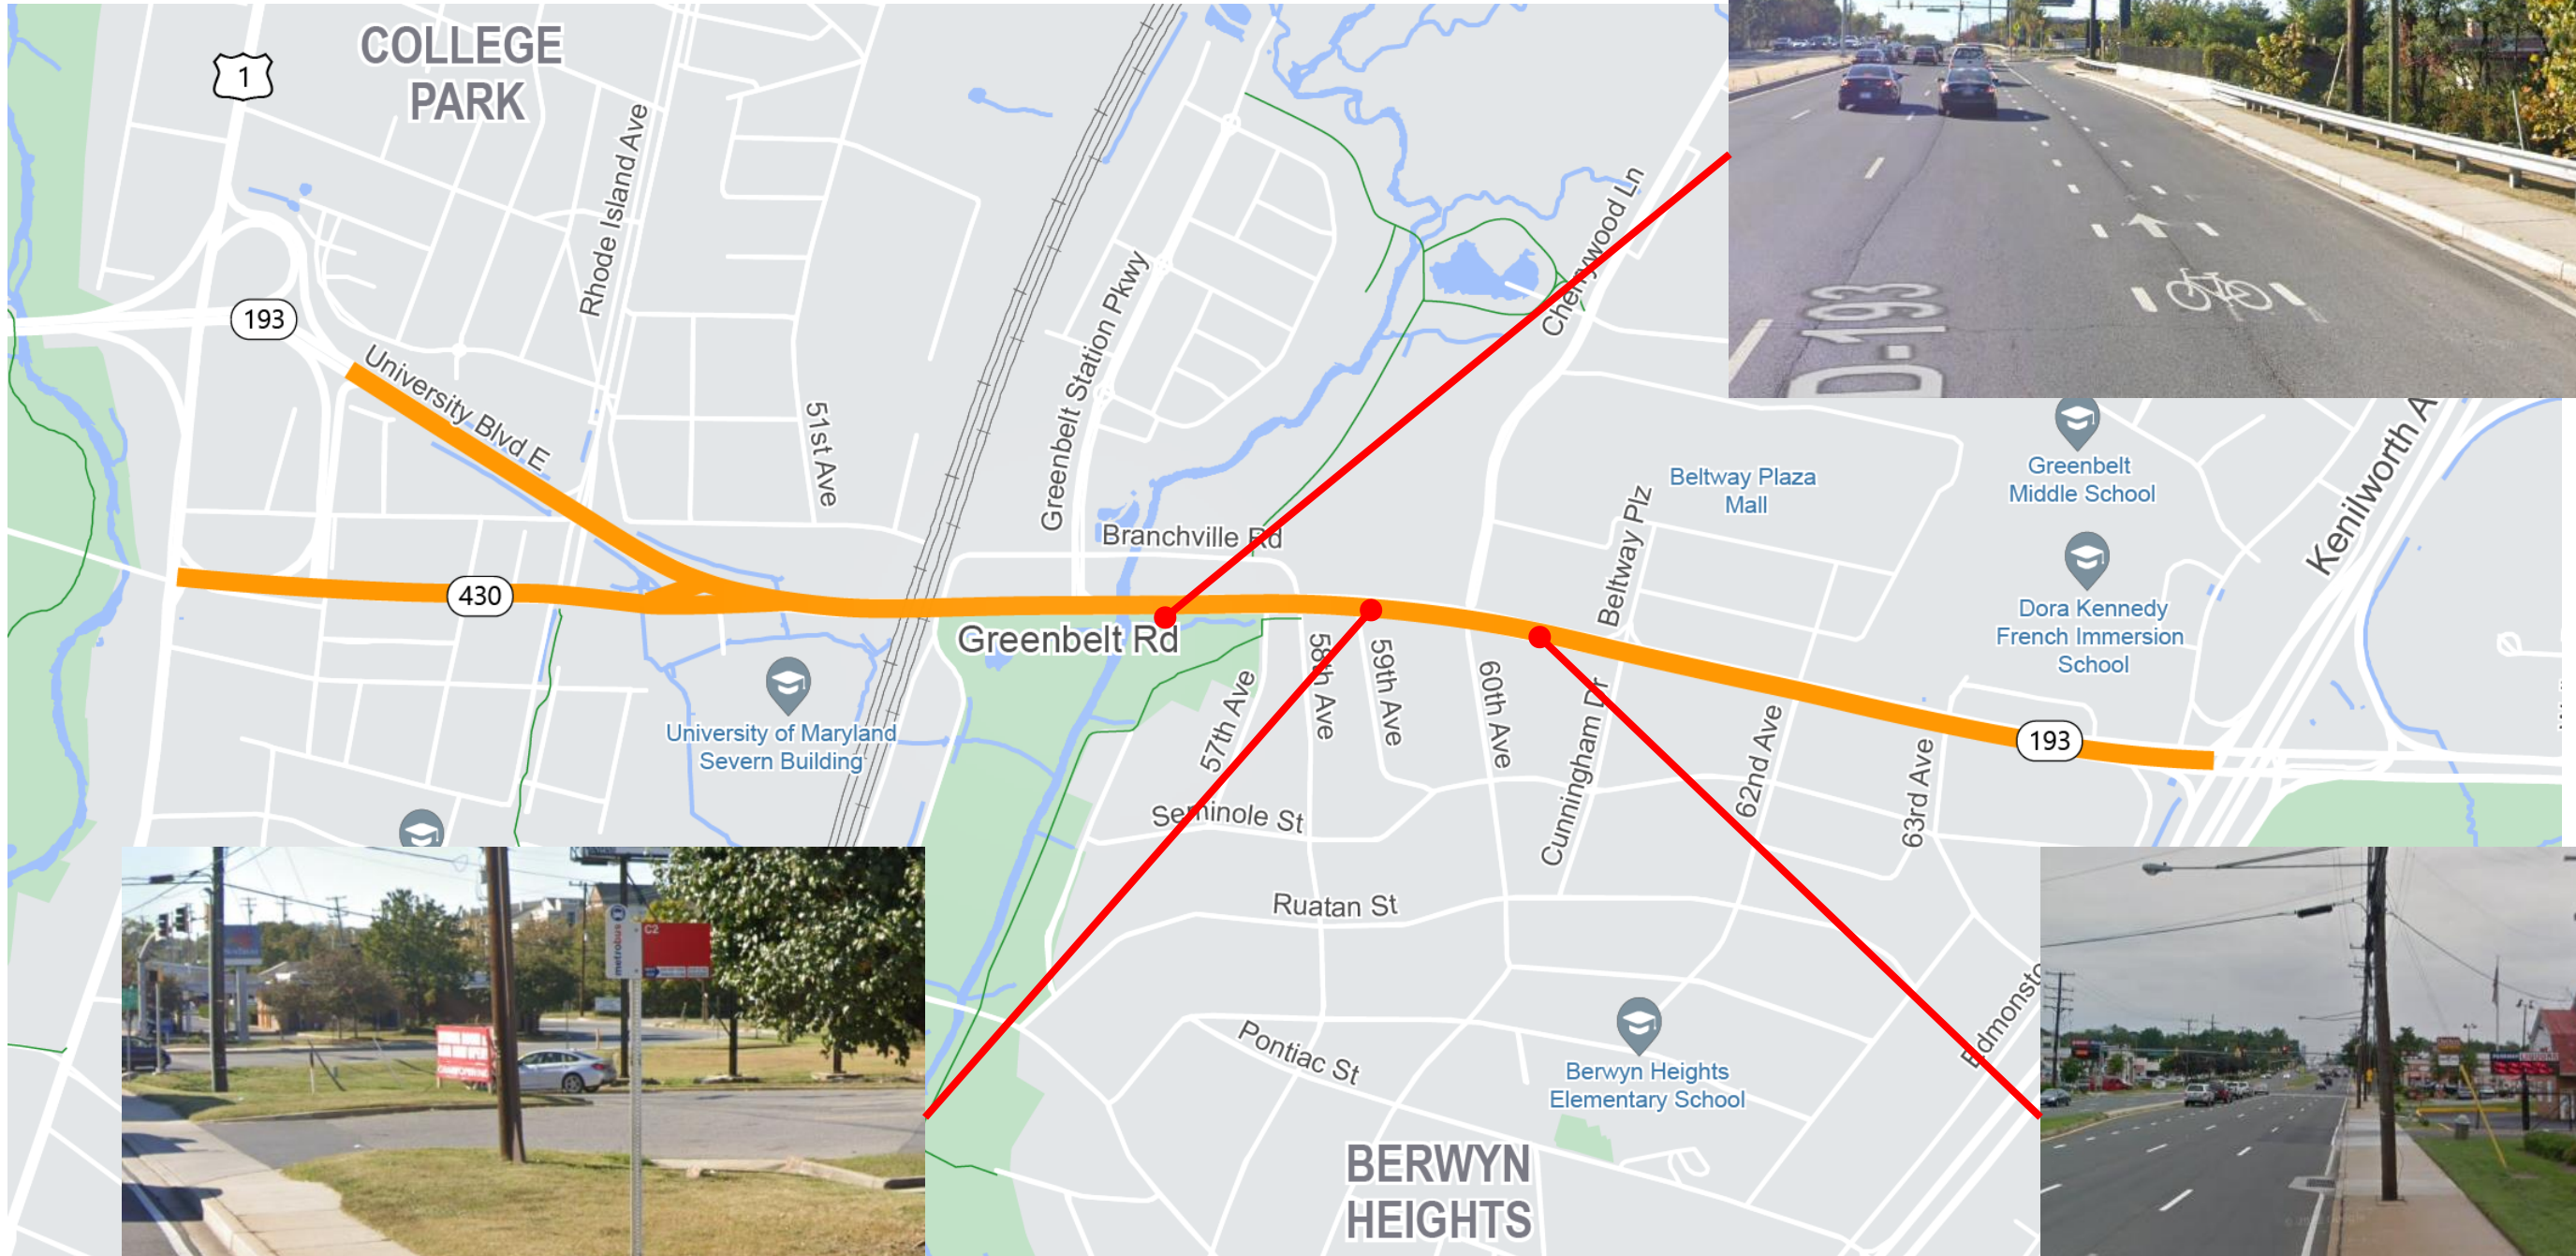

To share needs, lived experiences, priorities, and ideas. This input helps develop recommendations and inform agency decision-making.

# Draft Goals

Facilitate the **comfortable** and **safe** movement of people along and across Greenbelt Road (MD 193), whether they are **walking, biking, riding transit, or driving**.

Provide **key connections** to residential **neighborhoods, parks, and trails**.

Support **livability** and **economic development** by improving access to, through, and across the corridor.

Connect communities along and across the corridor, so Greenbelt Road (MD 193) **reduces barriers** to travel.

**slido**

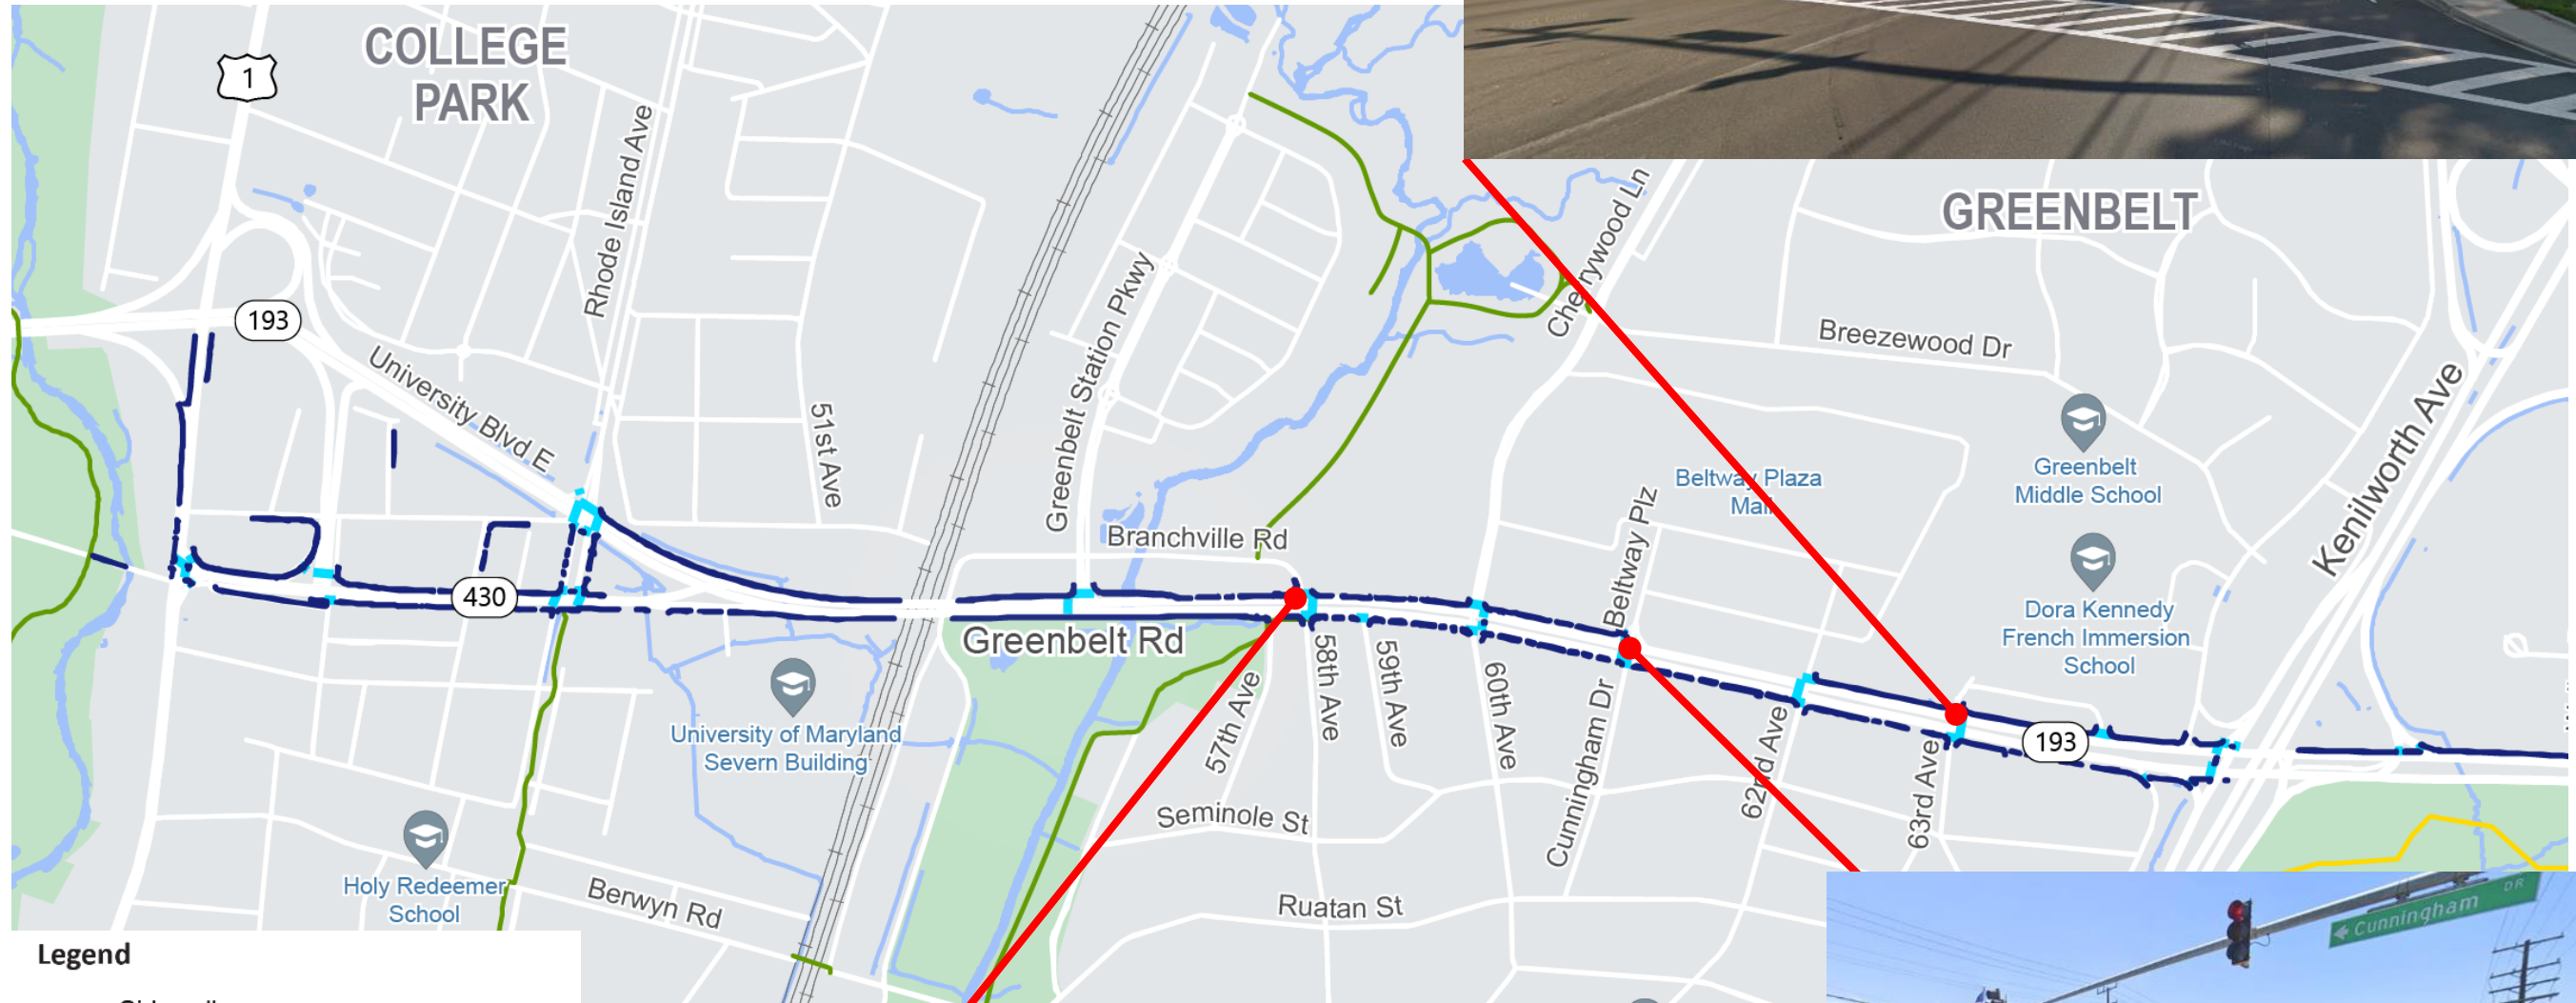

**What goal areas or considerations are most important to you? Please feel free to suggest new ones.**

**Instructions**

Welcome to the Greenbelt Road (MD 193) Corridor Plan comment map. The study area travels Greenbelt Road from Baltimore Avenue to Kenilworth Avenue (outlined on the map). This plan aims to create a cohesive vision for the future of the corridor.

We need help determining what is most important to the people who use Greenbelt Road. That's where you come in! **Please use this map to share your experiences along the corridor and ideas for improving it.** Your input will be used to develop recommendations that will be incorporated into the final plan.

This map will be open until March 31, 2022.

For more information about the project, visit the [Project Webpage](#).

**Instructions**

**Add a Comment**

You can add a comment by clicking on the Add Comments button in the upper right-hand corner and choosing from the following comment themes:

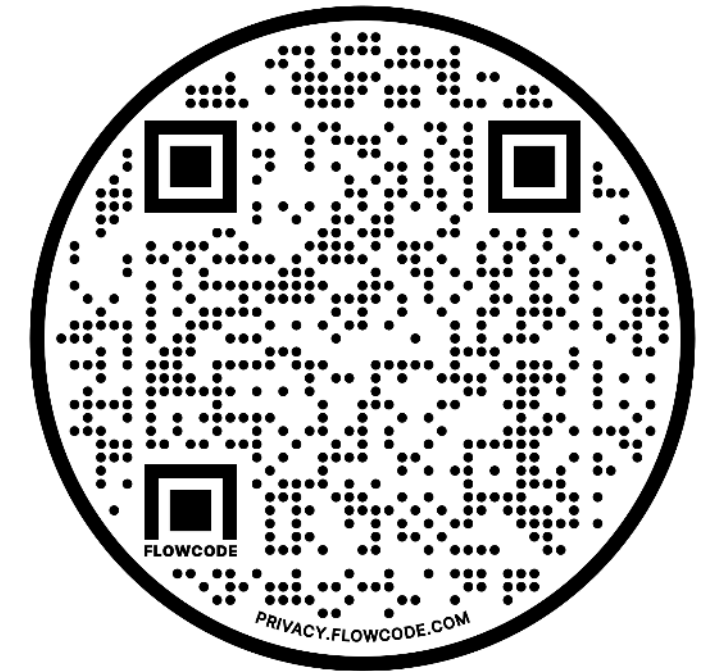

- Walking
- Biking
- Driving
- Transit
- Other

Then, click on the location along the corridor where your comment applies. A form will pop up, prompting you to enter additional details.

**Notes:**

- You will not be able to move or delete a comment once you click on the map.
- If the Add Comments tab shows the error "No creatable layers are currently visible," this can be fixed by clicking on the Layer List button and making sure the layer is visible.

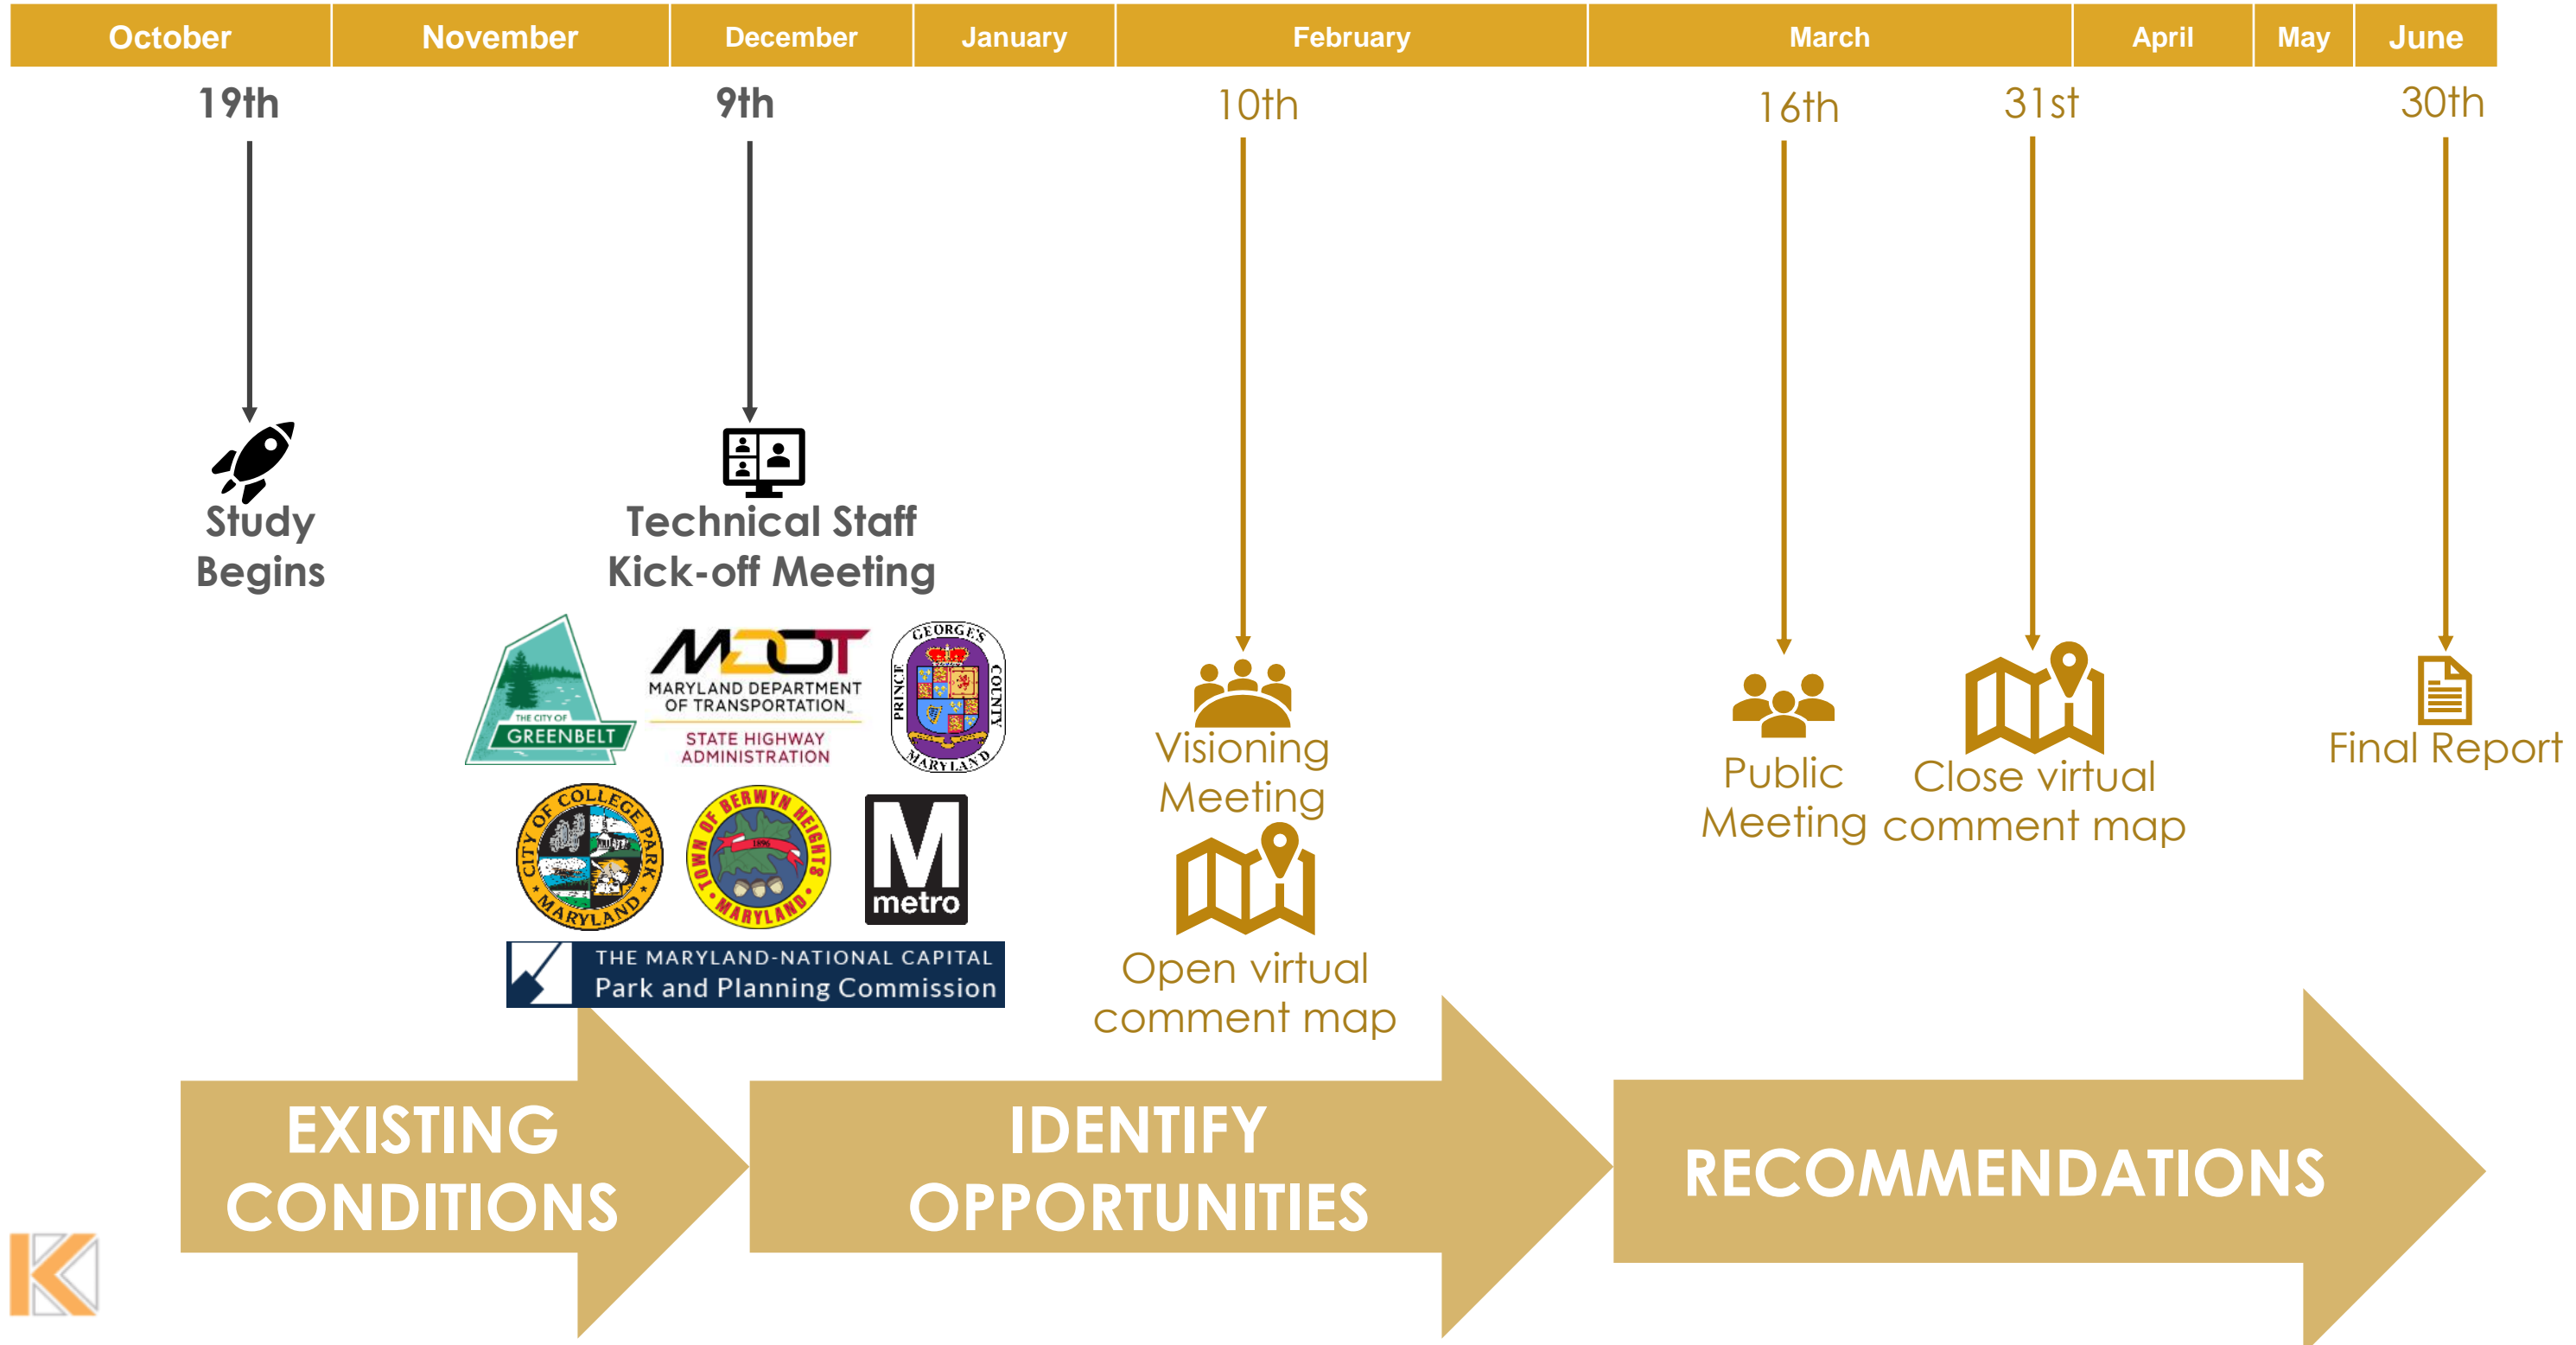

Scan the QR code to view and add to the public comment map. Map closes March 31, 2022.
