

Analysis & Background

Fiscal Year 2024

The Budgeting Process

The city's budgeting process is for the purpose of developing a financial plan for utilizing the city's available funds during a fiscal year to accomplish established goals and objectives. It also:

- Provides citizens with an understandable financial plan in which the welfare of the citizens may be enhanced or reduced in the budgeting process;
- Prioritizes goals that will provide for community needs;
- Defines the financial plan that will be used to achieve stated goals; and
- Determines the level of taxation required.

LEGAL REQUIREMENTS

The City Charter provides for the budgeting process and the subsequent accountability must, in turn, conform to the Uniform Financial Reporting Requirements of the State of Maryland. Under State law, each municipality, county and special district shall use a fiscal year of July 1 through June 30 and shall report on the fiscal year basis. Under the City Charter:

- The City Manager at or before the first council meeting in April shall submit a budget for the ensuing fiscal year;
- The budget for each fiscal year must be adopted on or before the tenth day of June of the fiscal year currently ending;
- The City Manager's budget message shall explain the budget in fiscal and work program terms. The proposed budget shall outline the financial policies for the ensuing fiscal year and indicate major changes with reasons for such changes;
- The budget shall provide a complete financial plan for all city funds and activities. The budget shall include all debts and other outstanding financial obligations and projected revenues for the ensuing fiscal year;
- The budget shall provide proposed expenditures for current operations during the ensuing fiscal year, detailed by offices, departments, and agencies in terms of their respective work programs and the methods of financing such expenditures;
- The City Council shall publish in one or more newspapers of general circulation in the city a notice of the time and places where copies of the message and budget are available for public inspection and the time and place for a public hearing on the budget;
- Following the public hearing, the Council may adopt the budget with or without amendment;
- Immediately upon adoption of the budget, the City Council shall adopt an ordinance appropriating funds for the ensuing fiscal year and shall levy all property and other taxes required to realize the income estimated.

BUDGET PRODUCT

The final product resulting from the budgeting process is the budget document consisting of three major parts – a budget message, a series of revenue and expenditure tables and descriptive materials, along with the budget adoption ordinance.

The budget is constructed based on the classification and codes contained in the city’s accounting system.

The budget is built on four basic components: Funds, Departments, Revenues and Expenditures. The following general description of Funds which the city uses and the expected sources of revenues may be useful.

FUNDS

The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, or expenses as appropriate.

The city has the following funds:

- **The GENERAL FUND** is the general operating fund of the city. It is used to account for all financial resources except those required to be accounted for in another fund.
- **SPECIAL REVENUE FUNDS** are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specified purposes. Included in this group are the Cemetery, Replacement and Special Projects Funds.
- **DEBT SERVICE FUND** is used to pay the principal and interest on general obligation and special assessment bonds issued by the city. It is funded by a transfer of General Fund revenues and special assessment payments.
- **CAPITAL IMPROVEMENT FUNDS** are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds and Trust Funds).
- **ENTERPRISE FUND** is used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The operation of the Green Ridge House, a city owned elderly housing facility, is accounted for in this fund.
- **AGENCY FUNDS** are used to account for assets held by the city as an agent for individuals, private organizations, other governments, and/or other funds. These Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operation.

FY 2024 Budget Calendar

November 8	Prepare background information for budget preparation.
December 8	Issue guidelines and background information to departments.
December 19	Send out forms to recognition groups.
January 3 thru March 3	Review of departmental budgets by City Treasurer.
February 6	Funding requests due from recognition groups.
March 6	Begin final review of budget.
March 22	Print budget.
March 27	Submittal of budget to Council.
March 29 thru May 24	Budget review work sessions by Council with public and departments, including Green Ridge House.
April 22	Review of recognition group applications by Grant Review Panel.
April 24 & May 22	Public Hearings on budget.
June 5	Adoption of General Fund, Capital Funds, Other Funds, and Green Ridge House budgets.

Financial Policies

The City of Greenbelt's financial policies provide the basic structure for the overall fiscal management of the city.

BUDGET

- Approximately ninety days prior to the beginning of the fiscal year, the City Manager shall submit a proposed budget to the Council estimating revenues and expenditures for the next year.
- Proposed expenditures shall not exceed estimated revenues and applied fund balance, if any.
- The City Council shall adopt a balanced budget prior to the beginning of the fiscal year.
- The City Council shall adopt an Ordinance appropriating funds for the ensuing fiscal year.
- The city's budget is prepared for fiscal year operations beginning July 1 and ending June 30.
- The budget is a total financial management plan for annual operations. Budgets are prepared by department heads and reviewed by the City Treasurer and City Manager prior to submission to the City Council.
- The Annual Comprehensive Financial Report is used in determining prior year actual expenditures. The report presents the accounts on the basis of funds and account groups. The basis of accounting refers to the time at which revenues and expenditures are recognized and reported in the financial statements.
- The basis of accounting for developing all funds, except for the Green Ridge House budget, is modified accrual, which is the same basis as the City's Annual Comprehensive Financial Report (ACFR). The Green Ridge House budget is based upon the accrual method of accounting.
- Appropriations lapse at year-end. Budgets are controlled on a line item accounting. An encumbrance system is used to reserve appropriations that have been obligated. Encumbrances outstanding at year-end are reported as reservations of fund balances since they do not constitute expenditures or liabilities.

AMENDING THE BUDGET

- The City Manager is authorized to transfer budgeted amounts within departments within any fund.
- City Council approval is necessary to transfer the unencumbered balance from one department for use by any other department.

CAPITAL BUDGET

- Capital improvement funds are included as a part of the budget. These funds list the capital projects to be undertaken in the fiscal year, including an explanation of the project, project budget, and funding sources.
- A listing of capital projects for the next five years is also prepared with an estimated cost. This list is revised annually.
- A priority of the projects is proposed by the City Manager in consultation with the departments. The priority results in whether a project is included or not in one of the capital funds.
- The City Council reviews the capital improvement funds in its review of the budget and may modify or adopt the capital projects as it sees fit.

LONG TERM DEBT

- The city uses General Obligation Debt only to finance the cost of long lived capital assets that typically exceed \$200,000, and not for normal operating expenditures. The debt payback period generally should not exceed the useful life of the assets acquired.
- A “pay as you go” approach is used by the city for equipment replacement and the majority of capital projects work.
- The city’s bonds carry favorable ratings of A2 at Moody’s Investors Service and A+ at Standard & Poor’s Corporation.
- All unmatured long-term indebtedness of the city, other than long-term indebtedness applicable to the Enterprise Fund, is accounted for in the Debt Service Fund. The general long-term debt is secured by the general credit and taxing powers of the city.
- The city’s debt limit is set by charter at 4% of the city’s assessed property valuation.
- The long-term liabilities of the Enterprise Fund consist of a mortgage payable to the Community Development Administration of the State of Maryland, Department of Economic and Community Development, and is secured by land and buildings. The mortgage is an obligation of the Green Ridge House, to be paid from earnings and profits of the enterprise.

RESERVE POLICY

- The city will strive to maintain the unassigned General Fund balance at a level not less than ten (10) percent of current year expenditures.

INVESTMENTS

- The city is authorized to invest in obligations of the United States Government, federal government agency obligations and repurchase agreements secured by direct government or agency obligations.
- The selection of investments reflects diversification which provides the maximum yield or return on city funds.

BASIS OF BUDGETING

- The city uses the modified accrual basis of accounting for budgeting purposes as governed by the Generally Accepted Accounting Principles (GAAP) as applicable to governments. The one exception is the Green Ridge House (GRH) Fund which is an enterprise fund. GRH is reported on a full accrual basis in the city’s financial report. The city reporting entity is determined by criteria set forth in Governmental Accounting Standards Board (GASB) Codification of Governmental Accounting and Financial Reporting Standards Section 2100.
- All Governmental Fund revenues and expenditures are accounted for using the modified accrual basis of accounting. Revenues are recognized when they become measurable and available as net current assets. Gross receipts and taxes are considered “measurable” when in the hands of intermediary collecting governments and are recognized as revenues at that time. Property taxes are the primary source of revenues susceptible to accrual.
- The City Council provides for an independent annual audit for all city accounts and funds. Such audits are made by a certified public accounting firm.
- The City Manager keeps the City Council fully informed as to the financial condition of the city by providing a monthly financial report.
- Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this general rule include principal and interest on general long-term debt which is recognized when due.
- The Agency Fund assets and liabilities are accounted for using the modified accrual basis.
- The Enterprise Fund is accounted for using the accrual basis of accounting. Revenues are recognized when they are earned and expenses are recognized when they are incurred.

PERSONNEL

- The city's largest and most valuable resource is its employees. The city has established personnel policies to maintain productive employee relationships in a safe and harmonious environment. These policies are:
- Attract and retain qualified employees who meet or exceed the minimum qualifications for each position;
- Employees are selected based on suitability for each position without regard to race, color, creed, religion, sex, age, handicap, or national origin;
- The concepts of affirmative action and upward mobility are actively supported;
- Each employee will be compensated with a fair and competitive wage for work performed;
- Eligible employees will be provided paid leave time, recognized holidays, and other benefits;
- Each employee has the right to discuss with management any matter concerning the employee's or the city's welfare;
- Supervisors treat all employees with courtesy, dignity, and consideration; and
- Opportunities for training, development, and advancement are provided within established regulations.

Relationship Between the Capital & Operating Budgets

The City of Greenbelt, and the greater Prince George's County community, continues to recover and emerge from the COVID-19 pandemic. The City's budget was significantly impacted in FY 2021 and FY 2022 by the pandemic with revenue losses from Recreation and hotel/motel tax, among other revenue sources. However, through the infusion of ARPA funds, the FY2023 budget was able to provide for needed funding to catch up on numerous capital projects, vehicle replacement and other infrastructure projects previously put on hold. With COVID-19 nearly behind us, and the economy on the rebound, there is good reason for optimism in FY 2024 as the City returns to pre-COVID operations and receives pre-COVID revenues. Real estate values in Greenbelt have remained high, even increasing in value. For this budget year, there will not be a need for fund transfers out of the General Fund to support the Capital Budget as many of the active projects are being funded with FY23-ARPA dollars. The remaining funding is coming from a transfer from the Capital Reserve Fund.

GLOSSARY

The Annual Budget contains specialized and technical terminology that is unique to public accounting and budgeting. This glossary has been prepared to assist the reader in understanding these terms when reviewing this budget.

ACCRUAL ACCOUNTING – The basis of accounting under which transactions are recognized when they occur, regardless of the timing of related cash flow.

AD VALOREM TAXES – Commonly referred to as property taxes, these are the charges levied on all real, and certain personal property, according to the property's assessed valuation and tax rate.

AGENCY FUND – A fund used to account for assets held by the city as an agent for individuals, private organizations, other governments and/or other funds; for example, Emergency Assistance.

APPROPRIATION – A legal authorization granted by the City Council which passes a budget ordinance to make expenditures and to incur obligations for specific purposes. An appropriation is limited as to both time and amount and to when it may be expended.

APPROPRIATION ORDINANCE – The official enactment by the City Council authorizing the city staff to obligate and expend the resources of the city.

ASSESSMENT – Valuing property for purposes of taxation. This is performed by the State Department of Assessments and Taxation.

BALANCED BUDGET – A budget in which appropriations for a given period are matched by estimated revenues.

BEGINNING FUND BALANCE – The cash available in a fund from the prior year.

BOND – A written promise to pay a specified sum of money, called the face value or principal amount, at a specified date or dates in the future, called maturity date(s), together with periodic interest at a specified rate. Bonds are issued to finance the construction of capital projects such as public buildings, roads, etc.

BONDED DEBT – The portion of indebtedness represented by outstanding bonds.

BUDGET – A plan of financial operation containing an estimate of proposed expenditures for a given period of time and the proposed means of financing them. The term usually indicates a financial plan for a single fiscal year. It is usually necessary to specify the budget under consideration whether it is preliminary and tentative or whether it has been approved by the governing body, the City Council.

BUDGETARY BASIS – The city prepares its budget in conformity with the State of Maryland Manual of Uniform Financial Reporting. As part of its budgeting process it includes a portion of the fund balance that has been accumulated in prior years. In this manner, tax levies are minimal and all available resources are used.

BUDGET CALENDAR – The schedule of key dates set forth for the preparation and ultimate adoption of the budget.

CAPITAL IMPROVEMENT PROGRAM (CIP) – A multi-year plan for the scheduling, undertaking, and completing of capital improvements.

CAPITAL PROJECT FUND – Funds used to account for financial resources to be used for the acquisition or construction of major capital facilities. These are described in the separate Capital budget documents.

CAPITAL OUTLAY – Expenditures which result in the acquisition of an addition to fixed assets which have a value of \$1,000 or more and have a useful economic lifetime of more than five years.

COG - Council of Governments

DEBT SERVICE – The annual payment of principal and interest on the City’s bonded indebtedness.

DEPARTMENT – A major organizational unit of the City with overall responsibility for one or more activities or functions of the City.

ENTERPRISE FUND – A fund which totally supports its services from fees or charges.

ESTIMATED REVENUE – The amount of projected revenues to be collected during the fiscal year.

FEES – A general term used for any charge levied by the City associated with providing a service or permitting an activity. Major types of fees include recreation program registration fees, road construction permit fees, and refuse collection fees.

FISCAL POLICY – The City’s policies with respect to taxes, spending and debt management as these relate to City services, programs, and capital investment. Fiscal policy provides an agreed upon set of principles for the planning and programming of City budgets and their funding.

FISCAL YEAR – A period of 12 months to which the annual operating budget applies. The City of Greenbelt’s fiscal year is from July 1 through June 30.

FRINGE BENEFITS – These include the cost of Social Security, retirement, deferred compensation, group health, dental, and life insurance paid for the benefit of City employees. These expenses are over and above the cost of salaries and wages paid to employees.

FULL FAITH AND CREDIT – A pledge of the City’s taxing power to repay debt obligations.

FULL TIME EQUIVALENT (FTE) – The number of parts of a work period when combined equal one full time work period. One FTE is equal to one or more employees working a total of 2,080 hours in a year.

FUND – A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities and balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

FUND BALANCE – The excess of revenues over expenditures in any of the city’s funds which can be accumulated over time. It is reported as designated, meaning for a specific purpose or undesignated.

FUND DEFICIT – This results whenever funds (reserves) or monies set aside for contingencies and potential liabilities plus what is owed by the fund (liabilities) exceed what is owned by the fund (assets). A fund deficit is most likely to be the temporary result of expenditures being incurred in advance of revenues, as is the case with many grant programs. If a deficit results from a shortfall of revenues or unanticipated expenditures, the City must adopt a plan to eliminate the deficit.

GENERAL FUND – The major fund of the City used to account for all financial resources except those required to be accounted for in one of the City’s other funds.

GENERAL OBLIGATION BONDS – Bonds that finance a variety of public improvement projects which pledge the full faith and credit of the City.

GOVERNMENTAL FUNDS – A classification adopted by the National Council on Governmental Accounting to refer to all funds other than proprietary and fiduciary funds. The general fund, special revenue funds, capital projects funds, and debt service funds are the types of funds referred to as “governmental funds.”

HIDTA - High Intensity Drug Trafficking Areas

LEGAL LEVEL OF CONTROL – The City Manager is authorized to transfer budgeted amounts within departments within any fund; however, any revisions which alter the total expenditures of any fund or the transfer of funds between departments must be approved by the City Council.

LINE-ITEM BUDGET – The traditional form of budgeting, where proposed expenditures are based on individual objects of expenditure within a department or program. The Greenbelt budget is a line item budget.

MANAGEMENT OBJECTIVES – Objectives designated by the City Council, City Manager, or the department to be accomplished within the fiscal year.

MML - Maryland Municipal League

M-NCPPC - Maryland-National Capital Park and Planning Commission

MODIFIED ACCRUAL ACCOUNTING – A basis of accounting in which expenditures are accounted for on an accrual basis, but revenues are accounted for on a cash basis. This accounting technique is a combination of cash and accrual accounting since expenditures are immediately incurred as a liability when a purchase is authorized while revenues are not recorded until they are actually received.

NLC - National League of Cities

OPERATING BUDGET – The City Charter requires an operating budget which is a plan of current expenditures and the proposed means of financing them.

PEPCO - Potomac Electric Power Company

PERFORMANCE MEASURE – Departmental efforts which contribute to the achievement of the department's mission statement and management objectives.

PERSONNEL EXPENSES – Costs of wages, salaries, and benefits for city employees; the largest of the three major expense categories in the budget.

RESERVE – Funds designated to be allocated in order to meet potential liabilities during the fiscal year.

REVENUE – Income for the fiscal year; the major categories are taxes, licenses and permits, revenue from other agencies, service charges, fines and forfeitures, and miscellaneous.

SPECIAL REVENUE FUNDS – This fund accounts for the proceeds of specific revenue sources that are restricted to expenditures for specified purposes. These include Community Development Block Grant, Replacement and Special Projects.

TAX RATE – An amount levied for each \$100 of assessed property value, as determined by the State Department of Assessments and Taxation, on both real and personal property within the City of Greenbelt. The City Council establishes the tax rate each year at budget time in order to finance General Fund activities.

TRANSFER OF FUNDS – A procedure established by City Charter, used to revise a budgeted amount after the budget has been adopted by City Council.

WSSC - Washington Suburban Sanitary Commission

Description of the City

Greenbelt was incorporated by act of the General Assembly of Maryland in 1937. The city's original housing stock – consisting of 574 row house units, 306 apartment units, and a few prefabricated single family homes – was built during the 1930's by President Roosevelt's New Deal Resettlement Administration for the threefold purpose of providing a model planned community, jobs for the unemployed, and low-cost housing. When he first visited Greenbelt, President Roosevelt was so impressed that he declared the town "an experiment that ought to be copied by every community in the United States." In 1997, Greenbelt became a National Historic Landmark.

The City of Greenbelt has a Council-Manager form of government. The Council is composed of seven members elected every two years on a non-partisan basis. The City Manager is appointed by the City Council. As Chief Administrative Officer, the City Manager is responsible for enforcement of laws and ordinances, and appoints and supervises the heads of the departments of the city organization.

Greenbelt's location gives its residents easy access to Washington, DC (12 miles), Baltimore (26 miles) and Annapolis, the state capital (22 miles). It is adjacent to NASA's Goddard Space Flight Center and the University of Maryland.
