City Council Chambers

City of Greenbelt Police Department

Body Worn Camera Program Briefing

Summary:

The City of Greenbelt Police Department began researching the possibility of implementing body worn cameras in 2013. Since that time, a great deal of time and effort has been spent identifying the best policies, practices, and equipment for use by the Department. A Body Worn Camera Committee was formed composed of various members of the Department, including officers, supervisors, and FOP representatives. This committee worked diligently to create a body worn camera policy that was best suited to the needs of the Greenbelt Police Department. The Department tested numerous body worn cameras and evidence management platforms. Based on the testing, the Taser body camera and storage platform were found to be the most suitable options for the Department. In order to further test the suitability of the Taser products, the Department began a month long pilot program using four cameras deployed with front line patrol officers. As a result of the pilot program, the Department confirmed that the Taser product is the best option for the Department to effectively deploy a body worn camera program.

Policy:

The Department created and implemented its body worn camera policy prior to conducting the pilot program in April 2016. This policy was created in compliance with Maryland State law and the Maryland Police Training Commission guidelines. Policy recommendations were utilized from various subject matter experts including the Department of Justice, the International Association of Chiefs of Police, and the Montgomery County Police Department. It is this policy that will guide the body camera program. Below is a summary of important aspects contained within the policy:

- Requires officers to conduct an inspection for proper functioning of the camera prior to their shift.
- Officers may only use the cameras when in uniform or prominently displaying the officer's badge in the case of a detective.
- Officers must activate the camera during all law enforcement related encounters and must notify the individual that they are being recorded as soon as practicable.
- Once the camera is activated, the recording will continue until the conclusion of the event or authorization from a supervisor. Officers may cease recording at the request of a victim or witness who does not wish to be recorded while giving a statement.

- Officers are prohibited from surreptitiously recording conversations of citizens and employees. Also prohibited from recording strip searches and recording in private places (restrooms, locker rooms, etc).
- Employees are prohibited from accessing the videos for personal reasons and are prohibited from attempting to copy, alter, or delete recordings.
- Administrative compliance reviews are conducted in order to ensure officers are complying with the policy.
- Violations of this policy are subject to the disciplinary procedures as listed in the general orders.

A copy of the entire policy is attached to this report.

Video Storage and retention:

The storage of video is the single highest cost and detractor from departments implementing body worn camera programs. While estimates of usage can be calculated, it is impossible to know the exact amount needed to fully sustain a program. Retention periods (how long we keep the video) are a main factor in trying to calculate that amount. Maryland law recently extended the amount of time that an officer complaint can be filed up to 1 year. As a result of this change, the Department has changed the retention period of all body camera video from 180 days to 366 days. While this change is beneficial in protecting the Department, it doubles the storage needs for the body worn camera program. The Laurel Police Department recently incurred an additional \$32,000 in storage expenses due to the unforeseen changes and needs. Due to the large amount of storage needs of our Department, it is recommended that the Department purchase the unlimited storage option available through Taser. This option is not currently available through any other vendors. Not only is this option more economical for the amount of storage needed, but it protects the Department financially from any unforeseen changes in policy or law. In our consultations with Director of Information Technology Dale Worley, he concluded that they are unable to provide the amount of storage needed for the cost of this Taser program.

Public Release of Video Evidence:

As with all police records, body camera video is subject to public requests for release under the Freedom of Information Act (FOIA) and Maryland Public Information Act (MPIA). The same rules for redaction and release apply to the body worn camera footage. This factor has been a

major concern of agencies across the country in their decision to implement a body worn camera program. One of the many advantages of the Taser platform is the ease of redacting and sharing of video evidence. There are various ways that the video can be prepared for release, giving the Department great flexibility. Videos can be shared traditionally by downloading the video to a storage device (ie: CD, DVD, thumbdrive). As a more expedient alternative, the video can be shared electronically through the use of a digital link. This option sends an email to the requesting party and allows them to access the video directly. This option greatly reduces the amount of time and resources needed to fulfil the requests for release.

During the Department's pilot program, we experienced several FOIA requests for release of video related to a police incident. Given the beneficial features of the Taser platform, we were able to quickly comply with the requests and release the video in a timely manner.

Purchase Proposal:

The Department is proposing the purchase of the Taser Officer Safety Plan for a total of 48 sworn members. The plan is a 5 year contract for all equipment, storage, maintenance and licensing. Each officer (48) will be initially outfitted with a Taser Axon Body 2 camera, including several camera mounting options. All equipment is covered by full warranty, including providing replacement cameras while repairs are made. Each officer receives a full access software license for all evidence management controls. The Department is provided with docking stations for the charging and uploading of all cameras. The plan also includes integration with our CAD/RMS system which reduces the officer's workload by linking key data from the CAD system with the video file metadata.

Under the proposed plan, at the 2 ½ year point of the contract, all hardware and equipment is upgraded to the latest technology. And again, at the 5 year point of the contract, all hardware and equipment is upgraded to the latest technology. These upgrades outfit our officers with the newest technology and prevent the program from becoming outdated and obsolete.

The proposed plan includes unlimited storage of video. This prevents unforeseen costs that have plagued many agencies. Not only can we use this storage for the body camera videos, but also have the ability to consolidate other digital media evidence (photos, audio recordings, other video sources).

In addition to the body camera products, the proposed plan also provides every officer (48) with a Taser X26p. The Taser X26 is the less than lethal product that is most associated with the

Taser brand. The Department has been using the Taser less than lethal weapons for well over 10 years and has had great success in preventing unnecessary injury to officers and citizens. During the 5 year period of this contract, the Department will need to replace our current inventory of Taser weapons. The proposed contract consolidates the purchase of the body camera equipment and the Taser weapons into one contract, resulting in great savings to the Department.

The total proposed cost for the 5 year program is \$312,188.70. This contract can be paid entirely up front or on a yearly basis. Below is a breakdown of the year by year cost. The City has already approved \$47,000 in its annual budget based on original estimates of program costs. The increase in yearly cost from the original estimate is a result of selecting the unlimited storage option, the inclusion of the Taser weapons, the equipment upgrades and the CAD/RMS integration.

Year:	Cost:
Year 1	\$64,516
Year 2	\$61,824
Year 3	\$61,824
Year 4	\$61,824
Year 5	\$61,824
Shipping Cost	\$376.70
Total:	\$312,188.70

Taser is the sole source provider of the goods and services required to satisfy the recommendation of the Department. Despite being the sole source provider, Taser has offered the Department standard contract pricing with additional discounts. While the pricing is dependent on the individual department’s need, we compared our pricing to that of Takoma Park Police Department. The contract from Takoma Park is attached, but a quick comparison is listed below:

Greenbelt total cost after discounts = \$311,812.00
 Number of officers on OSP = 48
 Cost per officer per month = \$108.26
Cost per officer per month Without CAD/RMS = \$106.18

Takoma Park PD cost after discounts = \$191,820.00
 Number of officers on OSP = 30
Cost per officer per month = \$106.56

The total cost per officer for our contract is less than that of Takoma Park when compared with the same features. Our Department is receiving newer generation hardware and CAD/RMS integration, which was not purchased by Takoma Park.

The discounts being offered for this contract are valid through the end of 2016. They include special discounts offered from Taser directly to agencies that are conducting full deployments of body cameras. Taser has not announced if this program will continue in 2017.

Conclusion:

The Department began researching the possibility of implementing body cameras in 2013. Much care and diligence was exercised to ensure that all aspects were carefully explored and understood. It is at this time that the Department is making its recommendation on the program that it feels will best serve the needs of the City.

Greenbelt Police Department – General Order

	Title: Body Worn Camera System Pilot Program		Order# 674	
	Effective Date: April 15, 2016		Review Date: April 15, 2016	
	<input checked="" type="radio"/> New		<input type="radio"/> Amends	
Approved by: Chief James Craze			CALEA 5 th Edition	
CALEA Standard: 41.3.8				Pages: 2

01 Policy

- A. It is the policy of this department to utilize the Body-Worn Camera System (BWCS) for the purpose of documenting evidence and accurately recording, through video and audio, interactions that occur between officers and members of the public. All BWCS equipment and recordings are the property of the City of Greenbelt Police Department.
- B. This BWCS policy will be in effect during the BWCS pilot program.

02 Definitions

- A. Body-Worn Camera System (BWCS) - a camera system worn on the person of a uniformed law enforcement officer, or an officer prominently displaying the officer's badge or other insignia, that is capable of recording video and intercepting oral communications.

03 Legal Considerations

- A. Pursuant to the "State Wiretap Act" under Sections 10-401, et seq. of the Courts and Judicial Proceedings Article of the Maryland Annotated Code, it is unlawful for any person to willfully intercept, endeavor to intercept, disclose, endeavor to disclose, use, or endeavor to use any oral communications. "Oral communication" is defined as any conversation or words spoken to or by any person in private conversation.
- B. The State Wiretap Act makes it lawful for a law enforcement officer, in the course of the officer's regular duty, to intercept an oral communication with a body-worn digital recording device capable of recording video and oral communication if:
 1. The law enforcement officer is in uniform or prominently displaying the officer's badge or other insignia;
 2. The law enforcement officer is a party to the oral communication;

3. The law enforcement officer notifies, as soon as practicable, the individual that the individual is being recorded, unless it is unsafe, impractical, or impossible to do so; and
 4. The oral interception is being made as part of a videotape or digital recording.
- C. The State Wiretap Act also makes it lawful for a law enforcement officer to intercept an oral communication where the officer is party to the communication and where all parties to the communication have given prior consent to the recording.

04 Implementation

- A. The BWCS pilot program will be instituted for designated uniformed officers for patrol and patrol related functions. The BWCS will accurately document events, actions, conditions and statements made during law enforcement related encounters and activities as authorized under this pilot program.
- B. The Department will seek volunteers to be assigned a BWCS.
- C. The Department will train participating officers to use the BWCS. Participating officers will use the BWCS in accordance with their training and this policy.

05 General Operational Procedures

- A. Only officers trained in the proper use of the BWCS will use the system.
- B. Prior to going into service at the beginning of each shift, officers will perform an inspection of the BWCS in accordance with their training to ensure that the BWCS is operating properly. In all cases where there is a malfunction of the BWCS, the officer must report the malfunction to a supervisor in an expeditious and timely manner and as soon as practicable.
- C. Officers will wear their BWCS in the manner consistent with their training at all times.
- D. Officers are only authorized to use a BWCS while in uniform or prominently displaying the officers badge or other insignia.
- E. Officers may, but will not be required to, use the BWCS while off duty or while working secondary employment. Any off duty use must be for law enforcement related encounters and activities as authorized under this pilot program policy.
- F. Officers will only wear a department issued BWCS.

06 Activation of the Body Worn Camera System

- A. Officers shall only activate the BWCS for legitimate law enforcement purposes.
- B. Officers will notify individuals that they are being recorded as soon as practicable, unless it is unsafe, impractical, or impossible to do so.
- C. The BWCS must be activated during all law enforcement related encounters and activities such as, but not limited to, the following examples;
 - 1. All calls for service that are enforcement and investigation related.
 - 2. All enforcement and investigation related citizen contacts.
 - 3. Documentation of evidence that can be used in the prosecution of criminal and traffic offenses.
 - 4. Arrests and transports.
 - 5. Traffic stops.
 - 6. Vehicle and foot pursuits.
 - 7. Suspicious situations.
 - 8. All searches (persons, vehicles, structures, effects), except strip searches.
 - 9. Interviews and interrogations.
 - 10. Mental health interventions.
 - 11. Any contact that becomes adversarial after the initial contact, in a situation that would not otherwise require recording.
- D. Once the BWCS has been activated, officers will continue to record until the officer has left the scene and anticipates no further involvement in the event, the event has concluded, or a supervisor has authorized that a recording may cease. An event will be deemed "concluded" when:
 - 1. All arrests have been made and arrestees have been transported and released from custody;
 - 2. All witnesses and victims have been interviewed;
 - 3. The continued recording will not serve to obtain additional evidence; and

4. No further law enforcement action is likely to occur.
- E. There may be instances in which officers are required to take immediate action which may not allow time to activate their BWCS equipment. In these exigent circumstances, the officer shall activate his or her BWCS as soon as it is safe to do so and document the reason for the delayed start in the incident report and/or as part of the recording. At no time should an officer jeopardize his or her own safety or the safety of another in order to activate their BWCS.
- F. In situations when community members, witnesses, crime victims or other parties wish to share information related to criminal activity, but refuse to do so while being recorded, officers will have the discretion to turn off the BWCS during the interview. The preference is to record such statements; however, it is recognized that such persons may be hesitant to provide information while being recorded due to a fear of retaliation, privacy concerns or a feeling that the information is sensitive. In these situations, officers may decide that obtaining the information is more important than recording the conversation.
- G. The BWCS may be deactivated during conversations with officers or supervisors during information sharing sessions or discussing tactics and strategy.
- H. Officers are required to obtain consent prior to recording an interview with a victim of a sex offense. Consent in these cases must be documented/recorded on camera.

07 Prohibited Use

- A. A BWCS will not be used to create recordings in locker rooms, dressing rooms, and restrooms unless recording for a legitimate law enforcement purpose.
- B. A BWCS will not be used to create recordings of strip searches.
- C. A BWCS will not be used to surreptitiously record conversations of citizens and employees.
- D. A BWCS will not be intentionally activated to record conversations of fellow officers without their knowledge and consent during administrative and non-enforcement related activities.
- E. Officers will not intentionally record undercover officers or confidential informants without their consent.

08 Reporting/Documentation

- A. Whenever a BWCS recording is made of an event that results in a police report, the reporting officer must note in the report that the recording exists, and if known, the name(s) of every officer who generated a BWCS recording.
- B. All BWCS recordings must be downloaded by the officer at the end of his or her assigned shift, unless an exception is authorized by a supervisor. The officer will be responsible for properly categorizing and tagging the recording at the time of the download.
- C. In a critical incident (such as an officer involved shooting, in-custody death or other officer involved incident that results in serious injury or death), a supervisor may immediately take custody of the BWCS and, in such case, will be responsible for the download.

09 Internal Access and Use of Recordings

- A. Recordings may be reviewed:
 - 1. By an officer to make sure the BWCS system is working properly.
 - 2. By an officer to assist with the writing of a report or other official document.
 - 3. By an officer to review/critique his or her own performance.
 - 4. By an officer to review/prepare for court.
 - 5. By BWCS administrators for compliance reviews of BWCS usage.
 - 6. By a person authorized by the department participating in an official investigation such as a formal personnel complaint, administrative inquiry, or a criminal or civil investigation.
 - 7. By authorized department personnel to assess possible training value.
 - 8. Upon written approval from the Chief of Police.
- B. An Officer required to respond to a citizen or administrative complaint shall have the ability to review any BWCS recording of the subject incident prior to making a statement.
- C. A log will be kept to record access to all recordings. The log will include the:
 - 1. name of the employee accessing the recording;

2. reason for access; and
 3. date recording was accessed.
- D. Employees shall not access, obtain, attempt to obtain, or copy/convert for their personal use any recording produced by a BWCS. Employees shall not upload BWCS recordings to public and/or social media websites.
- E. Administrative compliance reviews of BWCS recordings will not be used for the purpose of searching for policy violations. Unless the review of the recording is in relation to a formal complaint, no formal disciplinary action may result unless the violation discovered meets or exceeds a category 3 offense as enumerated in General Order 402.

10 Retention of Data/Records Requests

- A. All original BWCS recordings are the property of the City of Greenbelt Police Department and shall be retained according to the department's retention schedule and consistent with state law and existing evidence protocols, unless a specific request is made to store them for a longer period of time by a person authorized by the Department.
- B. All recordings will be destroyed after 180 days, unless the department deems it necessary to retain the recording for a longer period of time. A recording will be retained if an officer or the officer's representative provides notice to the Department within 180 days of the date of the recording of its potential use in an administrative hearing.
- C. BWCS recordings that can be used in an investigation or captures a confrontational encounter between an officer and a member of the public will be deemed "evidentiary" and categorized and tagged according to the type of incident. Recordings that do not contain evidence or capture routine, non-confrontational encounters will be deemed "non-evidentiary".
- D. Employees shall not attempt to delete, alter, reuse, modify or tamper with BWCS recordings in any manner.
- E. The public release of BWCS recordings will be conducted in accordance with applicable public records laws.
- F. Recordings will not be disseminated by the employee without receiving written permission under the authority of the Chief of Police.

Axon Pre-order

Thank you for your interest in Axon! This pre-order is a commitment to purchase Axon Body 2 and/or Axon Fleet. Axon Body 2 is available for delivery between 8-10 weeks after purchase date. Axon Fleet is available for delivery sometime in 2017. You will be notified if there are any delays. TASER reserves the right to make product changes without notice.

Signal Performance Power Magazine (SPPM) Pre-order

Thank you for your interest in the Signal Performance Power Magazine (SPPM). This pre-order is a commitment to purchase the SPPM. The SPPM is available for delivery starting in September 2016. You will be notified if there are any delays. TASER reserves the right to make product changes without notice.

Officer Safety Plan Includes:

- Evidence.com Pro License
- Upgrades to your purchased AXON cameras and Docks at years 2.5 and 5 under TAP
- Extended warranties on AXON cameras and Docks for the duration of the Plan
- Unlimited Storage for your AXON devices and data from the Evidence Mobile App

- One TASER CEW of your choice with a 4 year extended warranty (5 years total of warranty coverage)
- One CEW holster and battery pack of your choice
- 40 GB of included storage for other digital media

Additional terms apply. Please refer to the Evidence.com Master Service Agreement for a full list of terms and conditions for the Officer Safety Plan.

**** Additional discounts (\$650) off of each License in 1st year contingent on receiving signed quote & PO before 1/1/17.

TASER International, Inc.'s Sales Terms and Conditions for Direct Sales to End User Purchasers

By signing this Quote, you are entering into a contract and you certify that you have read and agree to the provisions set forth in this Quote and TASER's Master Services and Purchasing Agreement posted at www.taser.com/legal. You represent that you are lawfully able to enter into contracts and if you are entering into this agreement for an entity, such as the company, municipality, or government agency you work for, you represent to TASER that you have legal authority to bind that entity. If you do not have this authority, do not sign this Quote.

Complimentary Evidence.com Tier Upgrade Through 9/30/2015

This quote contains a purchase of either the Basic or Standard Evidence.com license. You will temporarily receive the features available with the Professional license for the Basic and Standard licenses purchased until September 30, 2015. This is a free upgrade to your account so you can enjoy all the benefits of our most feature rich license tier. In October 2015 you will be prompted to select which users you would like to assign to each tier. This will have no impact on uploaded data.

Officer Safety Plan Includes:

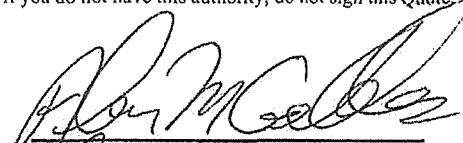

- Evidence.com Pro License
- Upgrades to your purchased AXON cameras and Docks at years 2.5 and 5 under TAP
- Extended warranties on AXON cameras and Docks for the duration of the Plan
- Unlimited Storage for your AXON devices and data from the Evidence Mobile App
- One TASER CEW of your choice with a 4 year extended warranty (5 years total of warranty coverage)
- One CEW holster and battery pack of your choice
- 20 GB of included storage for other digital media

Additional terms apply. Please refer to the Evidence.com Master Service Agreement for a full list of terms and conditions for the Officer Safety Plan.

**TASER International, Inc.'s Sales Terms and Conditions
for Direct Sales to End User Purchasers**

By signing this Quote, you are entering into a contract and you certify that you have read and agree to the provisions set forth in this Quote and TASER's current Sales Terms and Conditions for Direct Sales to End User Purchasers or, in the alternative, TASER's current Sales Terms and Conditions for Direct Sales to End User Purchasers for Sales with Financing if your purchase involves financing with TASER. If your purchase includes the TASER Assurance Plan (TAP), then you are also agreeing to TASER's current Sales Terms and Conditions for the AXON Flex™ and AXON Body™ Cameras TASER Assurance Plan (U.S. Only) and/or Sales Terms and Conditions for the X2/X26P and TASER CAM HD Recorder TASER Assurance Plan (U.S. Only), as applicable to your product purchase. All of the sales terms and conditions, as well as, the TAP terms and conditions are posted at <http://www.taser.com/sales-terms-and-conditions>. If your purchase includes AXON hardware and/or EVIDENCE.com services you are also agreeing to the terms in the EVIDENCE.com Master Service Agreement posted at <https://www.taser.com/serviceagreement14>. If your purchase includes Professional Services, you are also agreeing to the terms in the Professional Service Agreement posted at <https://www.taser.com/professional-services-agreement>. If your purchase includes Integration Services, you are also agreeing to the terms in the SOW posted at <https://www.taser.com/integrationstatementofwork14>. You represent that you are lawfully able to enter into contracts and if you are entering into this agreement for an entity, such as the company, municipality, or government agency you work for, you represent to TASER that you have legal authority to bind that entity. If you do not have this authority, do not sign this Quote.
